

Greasestrip

A heavy-duty liquid degreaser suitable for ovens. It removes burnt-on, built-up grease and kitchen soil with a unique combination of alkali and cleaning agents.

Powerful degreaser cuts through heavy carbon

No run off = no waste

Clings to vertical surfaces

Removes burnt on and built up grease

Ready to use

100% surface contact

No scrubbing required

Works fast

CLEANER. SAFER. HEALTHIER

ECOLAB[®]

Greasestrip

Use Instructions

1. Wear rubber gloves, long-sleeved garments and eye protection when using this product.
2. Allow hot surface to cool to 50-65°C
3. Apply Greasestrip to surface using the Foamer Wand. Cover soiled areas completely with foam
4. Allow oven cleaner to penetrate grease for 5 minutes. Do not let product dry on the surface
5. For use at room temperature, allow product to penetrate grease deposits for at least 10 minutes
6. Wipe off dissolved and loosened grease with a damp cloth
7. Rinse with clean water
8. Rinse Foam Wand applicator and cloths with water before and after use

Note: Greasestrip may be used diluted 1:2 with water for lighter soils. Please ensure that this product is used with the relevant Foam Wand for safer and effective application

Safety Information

Do not mix with any other products. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of water. For further information and safety instructions see product label and Safety Data Sheet.
