

# Kitchen Pro All-Purpose Cleaner

A powerful multipurpose cleaner for food service applications. Formulated with natural orange oil, it will remove a wide range of soils including tough grease. A neutral pH makes it safe to use on a variety of surfaces such as walls, floors, countertops, equipment, glass surfaces and plastics. It dries quickly to leave surfaces streak-free and sparkling clean.

360 of Protection™ with cleanliness, staff safety & kitchen efficiency

Removes soils including tough grease

Dries quickly with streak-free results

Recognised Environmental Credentials Scheme by Accord

Formulated with natural orange oil

Spill-free packaging

Neutral pH formula safe on a variety of surfaces

Accurate dispensing for consistent results

CLEANER. SAFER. HEALTHIER

# Kitchen Pro All-Purpose Cleaner

## Recognised environmental Credentials Scheme by accord

Accreditation under the Recognised scheme ensures a product meets a stringent set of criteria ensuring the product is better for human health and the environment based on rigorous, science-based leadership standards.

## Use Instructions

For manual cleaning (mop/bucket or spray wipe) use solution 5 to 64ML/L

### Spray and wipe

1. Dispense directly into labelled spray bottle using the Ecolab Dispenser
2. Spray the surface to be cleaned with solution
3. Wipe clean with a lint free cloth
4. Rinse with potable water

### Floor Cleaning

1. Wipe up spills and sweet floors
2. Fill mop bucket with solution using the Ecolab Dispenser with warm water
3. Apply Kitchen Pro Foaming Cleaner Destainer solution with a mop
4. Leave on floor for 2-5 minutes to loosen soil
5. Scrub floor with a stiff bristled brush
6. Mop up solution, or squeegee toward floor drain
7. Rinse with potable water and squeegee toward floor drain

### Soak Application

1. Prepare soak solution 25mL/L using Ecolab Dispenser
2. Before soaking chopping boards, scrub boards with solution to ensure product penetrates scored surfaced
3. After manual scrub, rinse with potable water

## Safety Information

Your Ecolab representative will set the dilution to provide optimum results according to your water pressure and surface type. Additional information is listed in the Safety Data Sheet.
