Oxygen-Pro

**Oxygen-Pro
Dispenser**

**Grande
Cartridge**

Worlds Best Odour Control System.

Continuous fresh scent and odour control.

Oxy-Gen Powered is the only technology that guarantees the delivery of fragrance in the air continuously, consistently and accurately for the entire duration of the cartridge life. This precise technology is based on a fuel cell technology that is used in the pharmaceutical industry to deliver drugs to human beings and animals.

Safe - With no added solvents and no alcohols, cartridges contain 100% pure fragrance oil and are a safe choice for any facility. Since the cartridges are not pressurised containers, they are safe to transport and store.

Eco-friendly - Unlike aerosols, the Oxygen-Pro system does not contain any CFCs, has no added VOC's or propellants, no 'spray and fade effect' and 'no noise'. A fresh, constant level of fragrance is released continuously, consistently and discreetly. The cartridges can be safely disposed of in a plastic recycling bin at the end of the cartridge life.

Fragrant Odour Control Cartridges

crush

An exotic mix of pineapple, tropical fruits and coconut

charm

A fantasy melon fragrance modified with cool green notes, a hint of citrus and a slightly floral background.

tang

An intensely fruity perfume with hints of orange supported by warm spice.

adore

A sophisticated fragrance that combines fresh apple notes with amber and spices.

spring

Intense floral notes of ylang, lavender and geranium with hints of fresh cologne and lemon.

punch

A tropical sensation that blends light fresh citrus with sweet mango and sun-ripened papaya.

Non-Fragrant Odour Control Cartridges

kleer natural

With no added fragrance oils and a 100% natural plant oil base as the active ingredient to neutralise a broad spectrum of odours, Kleer Natural is the ideal choice for areas where No Fragrance is desired.

neutra-lox super

With a hint of lemongrass fragrance, this is the ideal choice for areas where high odour elimination is required with Very Low fragrance, just as an indicator.

The Oxygen-Pro Cartridges

Available in a wide range of fragrances and are compliant with CARB, EU, IFRA & REACH regulations. The cartridge contains 35ml of pure fragrance oil, that is approximately 7 times more fragrance oil than a standard can. The fragrance intensity can be changed to a strong (30 days), normal (60 days) or (90 days) mild scent.

Oxygen-Pro Grande Preference Pack

Code: Oxy-Pref

35ml cartridge, 6 Cartridges per Case

Dispenser: Oxy-DispW

Effective fragrant odour control

All cartridges contain Neutra-lox, our proprietary odour eliminator ingredient that is extremely effective against the smell of urine, faeces, body odour, tobacco, pet malodor, mold and mildew, etc.

Oxygen-Pro Grande Dispenser - White

Code Oxy-DispW

W 11.7cm x H 14cm x D10.3cm

Oxygen-Pro Dispenser

The perfect odour control system for any establishment as the user can program the dispenser to work for 30, 60 or 90 days, and can select different fragrance intensity levels.

This dispenser takes 2 AA batteries

FRAGRANCE LOCATION GUIDE
