

# Turbo Detergent

Suitable for washing all classifications when used in conjunction with our alkaline builders Turbo Speed or Turbo Break. It contains a concentrated blend of anionic and nonionic surfactants specifically developed for all continuous batch washing systems and washer extractors. Provides excellent wash quality from 60oC. On lightly soiled classification such as hotel guest clothing or healthcare patient clothing it does not require any additional alkali.

High performance detergent

Optical brighteners leave linen clean & bright

For commercial laundry machines

Effective in both soft & hard water

Suitable for batch washers & extractors

Preset formulas to suit all fabrics

Superior soil removal

Automatically full alarmed dispensing

CLEANER. SAFER. HEALTHIER

**ECOLAB®**

# Turbo Detergent

## Use Instructions

Laundry Detergents should be used in a properly designed wash formula, in commercial or professional washers, to meet specific needs. Recommendations may vary depending on soil types, fabrics, water conditions, etc. Contact your Textile Care Laundry Efficiency Specialist for specific use recommendations.

## Safety Information

Keep out of reach of children. Wear suitable protecting clothing, gloves and safety glasses when handling the product. Do not mix with anything but water. Consult your Ecolab Specialist for specific use directions and SDS.
